

Getting Your Home Ready

Your real estate agent has made the smart decision to have your home professionally photographed!

What to expect:

- Appointment times run approximately 90 minutes.
- We will photograph all rooms, with larger rooms getting multiple shots showing different angles.
- Our photographers have a trained eye and will move small items and adjust blinds, if necessary.
- We skip unfinished areas and closets, unless specifically requested.
- Your agent will receive MLS-ready images the next business day!

Your checklist:

- Please de-clutter and clean the home
- Open all blinds and shades
- Replace all burnt out light bulbs
- Remove all magnets and paper from the refrigerator
- Clear kitchen countertops
- Hide all exposed power cords
- Remove signs of pets (pet dishes, litter boxes, pet gates, etc.)
- Stow away toothbrushes and bathroom sink & shower toiletries
- Make all beds and put away clothing
- Clear all desks and make sure all TV's and monitors are turned off
- Turn on ALL lights (lamps, under cabinet, ceiling) and turn ceiling fans OFF
- Move cars out of driveway and hide / move trash cans, if possible
